

Be it resolved that the DFL party...

Agriculture & Food

1. supports the Headwaters Community Food and Water Economic Resiliency Program. (2)
2. supports carbon sequestration in agriculture through sustainable farming practices including educational grants and loan programs, addressing climate change through an agriculture true cost accounting program, and investing in small and mid-sized farms.
3. supports banning glyphosate and neonic pesticides.
4. supports a moratorium on massive dairies over 1,000 animals.

Business & Community Development

5. supports ending greenhouse gas emissions; establishing millions of high-wage jobs and ensuring economic security for all by investing in sustainable and affordable housing and transportation for all; securing clean air and water, climate, community resiliency, healthy food, access to nature, and sustainable environment for all; promoting justice and equity with a ten-year mobilization effort ("Green New Deal"). (11)
6. supports legalizing multi-family housing throughout Minnesota.
7. supports an Economic Bill of Rights, including a living wage, quality health care, complete education, affordable housing, clean environment, and secure retirement.
8. supports overtime pay after 40 hours per work week (Minnesota currently requires it after 48 hours).
